

Career Story Interview & Career Story Interview Expert

The Career Story Interview allows you examine what steps you want to take next in your professional life, so that you can continue to work with energy. The 'interviewer' is an experienced occupational psychologist.

When you're fully aware of what you know and want, you will improve the ability to deal with change in your working (environment). The Career Story Interview helps you to 'control' the central theme in your personal and professional development. With the help of the story telling method, you discover what your story is, what you want and where you are going. **With the Expert version** you will delve deeper into the subject.

This is Career Story Interview & Career Story Interview Expert
